Monday, 24th July, 1905.

FIFTY-EIGHTH ANNUAL REPORT.

THE Committee beg to submit to the Governors their Report for the year ended 31st March, 1905.

Numbers Benefited. The number of blind persons who received direct benefit from the Institution during the year ended 31st March, 1905, was 660—an increase of 26 over any previous year in the history of the Institution. The figures are made up as follows:—

Resident Pupils	170
Day Pupils	9
Teachers	10
Canvassers	4
Day Workers	68
Travellers	4
Middlemore Trust Beneficiaries	19
Clerk	1
Porters	2
Pianoforte Tuner	1
Under-Nurse	1
Adult Blind	371
Total					660

Health. The general health of the inmates has been exceptionally good, but four pupils, who suffered from incurable diseases of a mental character which prevented them from being benefited by instruction, have been compelled to leave the Institution.

The sincere thanks of your Committee are due to the Medical Staff for their careful watchfulness over the health of the pupils.

Education and Training. The removal of the younger children from the Main Institution to the Kindergarten School, and the influx of new scholars, have necessarily interfered with the education of the pupils in the Main Institution, but nevertheless, good work has been done.

As stated elsewhere in this Report, the Kindergarten School was not fully opened for the reception of pupils until 20th January, 1905, but a very good start has been made. The School is conducted on Kindergarten principles, but it will of course be readily understood that ordinary Kindergarten occupations have to be greatly modified to suit blind children. The course includes Bead Work—carefully planned and graded so as to teach dexterity of touch, counting, concentration of thought, form, etc.; Modelling in Clay, Sand, etc.; Paper Folding; simple forms of Weaving; counting and sorting Seeds, Shells, etc.; weighing, measuring and building with Sand; Knitting and Sewing; Geometrical form; Nature Study; Lessons

in Common Objects; Geography; History; Games; Stories; Scripture Lessons; Drill and Action Songs; Reading; Writing; Arithmetic, etc.

Your Committee are assured that a thorough course of Kindergarten (an essentially natural and pleasurable mode of education) will form an admirable introduction to the more real studies in which the children will have to engage when they are transferred to the Main Institution.

Music. The Department of Music has been carried on with eminently satisfactory results, and great credit is due to Mr. A. R. Gaul and Mr. H. E. Platt. The instruction in theoretical and practical music is most thorough and sound, and it is safe to assert that this department has never before attained such a high standard of efficiency. The Braille Music Notation, which takes the place of the Staff and Tonic Sol-fa Notations used by sighted musicians, is exclusively used. The old and extremely faulty method of memorizing alone, has been entirely discarded. As an example of the value of Braille Music Notation, it may be mentioned that at the Annual Concerts referred to in another paragraph of this Report, the eight programmes contained no less than 80 different pieces, many of which were quite new to the pupils and very difficult; all were learned in a very brief time. Such a result could not have been obtained without the use of this admirable system.

On 16th July, 1904, one of the Students of the Institution, F. W. Priest, A.R.C.O., gave an Organ Recital in the Town Hall, Birmingham, by invitation of the City Organist, Mr. C. W. Perkins. Albert Robbins, A.R.C.O., another student, was Solo Pianist at a Musical Matinee of the Spring Exhibition of the Royal Birmingham Society of Artists.

Pianoforte Tuning The Instruction in this department has been carried on with the same vigour as in former years, and several pupils have satisfactorily completed their course and received Parchment Certificates of Efficiency.

Messrs. W. S. Riley and Son kindly continue to allow the Senior Pupils to practise in their show-rooms, and for this privilege your Committee are very grateful.

A new Pianoforte Repairing Workshop is now being prepared at the Institution, and should prove a great advantage to this department.

Successful Pupils. Twenty-nine pupils left the Institution during the year, many of whom have been successfully trained and started in life. Particulars of each case are given below:

Beatrice Blake. Learned Typewriting and Shorthand left to open a Typewriting Office in connection with her father's printing business.

Elizabeth M. Green. Learned Typewriting and Shorthand.

Florence Brooker, Nellie Chatterley, Lucy Crook. Learned Basket Work, Cane Seating and Machine Knitting—left to begin business on their own account.

Bertie Bourne. Learned Basket Making—now employed in the Institution Workshops.

Philip Goode, Henry James, George W. Wright. Learned Brush Making—now employed in the Institution Workshops.

John Derricott, Henry Griffiths, Thomas W. Siviter, Charles W. Stuart. Learned Pianoforte Tuning — left to begin business on their own account.

Edgar Hull. Learned Typewriting and Shorthand—left to begin business on his own account

Frederick Perrin. Learned Typewriting and Shorthand—left to take a situation as Correspondence Clerk at Mr. Henry Riley's Pianoforte Warehouse, Constitution Hill, Birmingham.

Of the remainder, three were transferred to other Institutions, one left England, one was removed before his training was completed, five left because their health prevented them from receiving instruction, and four were removed because of mental incapacity.

Kinder- garten School.

The building of the Kindergarten Branch School at Harborne was finished in November, 1904, and from that time until Christmas it was occupied by ten little boys, the Matron, and one Teacher. At the commencement of the Spring Term, 20th January, 1905, every place in the school was taken.

As the formal opening of the School took place so shortly after the close of our financial year, your Committee think that an account of the proceedings should be given in this Report.

The Opening Ceremony was performed by the Lady Mayoress of Birmingham, Mrs. Charles G. Beale, on 7th June, 1905, in the presence of about 250 subscribers and friends. Mr. Arthur L. Lowe, the Chairman of the Institution, presided, and after giving a brief history of the Kindergarten Scheme, asked the Lady Mayoress to declare the school open.

The Lady Mayoress said :--

"I declare this building opened. I pray that God's blessing may rest upon this house which has been built and is devoted to the use of little children who are blind. And though to these children the great world around them must be an invisible and darkened one, I yet hope that they may find much inward happiness in their lives; that they may grow up to be good men and women; and that they may here be taught good ways and become useful members of our great communities."

The following gentlemen also took part in the proceedings :—The Right Rev. The Lord Bishop of Birmingham, Rev. Canon Mansfield Owen (Hon. Chaplain), Sir Oliver Lodge (Principal of the Birmingham University), Cuning Butler (Hon. Secretary), E. M. Goodman, and Henry J. Wilson (Secretary of Gardner's Trust for the Blind).

An illustrated Souvenir of the occasion was presented to each visitor.

As stated in the last Report, Miss E. Ferris has been appointed Matron, and Miss E. Morley (who holds a Teacher's Higher Froebel Certificate) has been elected to the post of Head Schoolmistress.

Towards the total cost of the building and land (£18,750), £15,860 has been received or promised, and the Committee very earnestly appeal to friends to assist in raising the balance of £2,890.

Four ladies, Mrs. Arthur L. Lowe, Mrs. E. C. Keay, Mrs. Archibald Kenrick, and Dr. Caroline O'Connor, have kindly joined the Committee of this School, and deserve the cordial thanks of the Governors for the time, energy, and talent they so freely give in the interests of these afflicted little children.

Middlemore Trust.

Nineteen pupils on leaving the Institution have received grants of money, tools, materials, etc., to the value of £123, to assist them in their start in life. This has been made possible through the munificence of the late Mr. Richard Middlemore, who formed a Trust Fund of £2,000, the interest of which is used for this purpose.

Trade. The Trading Department is one of the most important features of the Committee's work. The Blind who have been trained to earn their own livelihood can be best provided for in workshops for the Blind. The Trade Committee therefore, are very anxious to make adequate provision in this direction for all able-bodied and willing Blind workers, and they have used every legitimate means to accomplish this.

The great value of the Trading Department is proved by the fact that last year a sum of £2,417 was paid to the Blind Workers, being an increase of £226 over any previous year.

Although your Committee have provided employment for several additional workers, they have still a list of about forty waiting for work, but to their appeals the Committee are most reluctantly unable at present to respond.

In the last Report it was mentioned that Boot Making and Stocking Knitting had been introduced. Now your Committee have to report that they have started another industry for the Blind—Willow Peeling. Suitable accommodation has been provided at Harborne, and here seven blind men will be employed for a portion of the year.

The trade of the Retail Shop & Typewriting Department in Christ Church Passage, New Street, continues to improve. A canvasser has been engaged for the Typewriting Department, and the returns justify the Committee's action. The value of the work done in this department during March, 1905, was over £40. The town premises are very conveniently situated, and the public are earnestly invited to assist the Blind by purchasing the goods on sale there, and by sending their orders for Typewriting, which can be executed expeditiously and well, the most approved appliances being in use.

The increasing demand on the time of your General Superintendent and Secretary, Mr. Stainsby, owing to the rapid development of the Institution, has necessitated the engagement of a Trade Manager. Mr. E. Tunnicliffe has been appointed to this office, and is giving entire satisfaction in the discharge of his duties.

Entertain- The Annual Concerts, Gymnastic Displays
ments. and Sales of Work were held on eight evenings during February and March, and were most successful, the results being as follow :—

Sales	£175	0	0
Donations	£15	10	0
Profits on Refreshments	£9	0	0
Number of Visitors		2,510	

Gymnastic Displays and Concerts open to the public have been given on the first Monday evening in each month, August September and January excepted. These entertainments have created considerable public interest, and it is proposed to continue the series, in order to make the Institution more widely known.

Structural Alterations.

Since the issue of the last Report, the Committee have decided to carry out much-needed improvements in the Main Institution, involving an expenditure of about £3,000. The scheme includes increased and isolated sick wards, new and improved lavatories and bathrooms for the pupils and staff, better provision for storing house-linen and clothing, additional workshop and office accommodation, and precautions against loss of life and property by fire. The work is now being carried out, and when finished will greatly add to the efficient working of the Institution.

Adult Blind Branch

This Branch numbers 371 members, and a good work has been carried on by the devoted Teachers, Miss Beighton and Mr. F. Walford. In proof of this it may be stated that during the year 50 new cases have been discovered by them. Most of these had recently lost their sight. The majority were old and infirm, but there was a percentage of able-bodied men and women, and some young children.

Twenty-seven members died during the year—one of them, Charles Taylor, was a pupil of the Institution at its foundation in 1848.

Your Committee are grateful for three Pensions bestowed on members during the year, viz:—

- One of £10 by Hetherington's Charity for the Blind.
- One of £10 by The Painter-Stainers' Company.
- One of £5 by the Clothworkers' Company.

But they regret to say that these, and others granted in past years, *all by London Societies*, are quite inadequate to meet the needs of the Adult Blind of this city and district. It is an indisputable fact that Pensions are the best means of providing for blind persons in old age. It is sad and significant that there are not less than 100 blind persons living in the Workhouses in this district. The bestowal of a pension of £10 per annum would in most cases have prevented this.

Your Committee trust that some philanthropic person may be moved to assist the deserving and helpless Blind by founding pensions for them.

Obituary. Your Committee record with deep regret the death of Mr. M. Gibson Hill, the Hon. Auditor of the Institution, which took place on 30th January, 1905.

Executive. After 28 years' work in the cause of the Blind, Mr. John Main resigned his post as Head Master of the Institution. Your Committee desire to place on record their high appreciation of his long and faithful service, and they wish him long happiness in his well-earned retirement. Mr. Howard Cash has been appointed in Mr. Main's place.

On 26th February, 1905, your General Superintendent and Secretary, Mr. Stainsby, completed 25 years' service at the Institution, and was heartily congratulated by the Committee on that occasion, the resolution they adopted being presented to Mr. Stainsby suitably engrossed in book form. The Members of the Staff presented him with a handsome pair of Bronzes.

Gardner Trust. The Committee are deeply indebted to Gardner's Trust for the Blind, for generous help kindly given, including grants, scholarships, pensions, etc. This assistance has greatly added to the efficiency of the Institution.

Legacies. The sum of £3,857 7s. 11d. has been received for the General Fund, and £150 for the Kindergarten School Building Fund.

Benefactions. Your Committee are very grateful for the financial assistance given through the Hospital Sunday Committee; they also sincerely thank all who have given subscriptions, donations or presents, or have otherwise assisted the Institution. A full list of all benefactions will be found in this issue of the Report.

Finance. The finances of the Institution are still a cause of great anxiety. The deficiencies for the year amounting to £1,438, and an accumulated deficiency of former years on the Adult Blind Account (£477) have had to be met by the transfer of £1,915 from the Legacy Account.

Each year the financial responsibilities of the Committee increase, but the income, unfortunately, does not grow in the same ratio. The Committee again appeal most earnestly for increased support, and they especially ask that the claims of the new Kindergarten Branch School for *little blind children* may have the consideration of a generous public. At least £200 in new annual subscriptions will be required for this branch of our work.

Conclusion. The Committee cannot look back on the past year without feelings of deep thankfulness to Almighty God for the large measure of success which has attended their efforts in the cause of the Blind, and they confidently look forward to even greater things in the future.

By order of the Committee,

ARTHUR L. LOWE, Chairman.

GENERAL LAWS.

I. That the designation of this Establishment shall be
 "THE GENERAL INSTITUTION FOR THE BLIND."

II. That the object of the Institution shall be the instruction and employment of the blind of both sexes, some as boarders, others as day pupils: the instruction to include the daily reading of the Holy Scriptures, and all the employment to be of a useful character; and also the relief and assistance of the necessitous blind.

III. That the Institution shall be supported by Donations and Annual Subscriptions; by payments in behalf of the blind; and the profits arising from their industry.

IV. That the management of the Institution shall be entrusted to a Committee of not less than twelve Governors, together with the Chaplain (who shall be a clergyman of the Church of England), the Trustees, the Treasurer, and the Hon. Secretary, who shall be ex-officio members.

V. That all Annual Subscribers of one guinea and upwards, and all Donors of ten guineas and upwards shall be Governors.

VI. That there shall be an Annual General Meeting of the Governors on such day as the Committee may appoint, to be convened by advertisement at least fourteen days previously, for the purpose of receiving the report of the Committee, passing the accounts, appointing the Officers and Committee for the ensuing year, and for transacting the general business of the Institution.

VII. That at such Annual General Meeting, Subscribers of one guinea a year, and Donors of ten guineas, shall be

entitled to one vote, and every additional contribution of equal amount shall entitle to an additional vote. No Governor whose subscription is in arrear shall be entitled to vote.

VIII. That the Committee shall meet once in every month, or oftener if necessary, and that three shall form a quorum.

IX. That the Committee shall have power to appoint Trustees; to make, alter, or repeal bye-laws, rules, and regulations for the admission, employment, and removal of the pupils; appoint and remove all teachers and servants, and pay such salaries, wages, and allowances as they shall think reasonable; they shall also have power to appoint any of the Governors to be Visitors of the Institution, and shall also have the management and application of the property, funds, yearly and other income.

X. That no purchase of land or premises, or any material alterations or additions be made to any building (beyond necessary repairs) without the sanction of the next Annual or a Special General Meeting of the Governors, to be convened for that purpose.

XI. That the moneys of the Institution may be invested in any investment for the time being authorised or sanctioned by the Court of Chancery or any Act of Parliament as an investment for trust moneys, or in the Debentures of any Company in England, incorporated by Act of Parliament, and paying a Dividend, or upon the Security of any County, Borough, or other Rates, authorised to be levied and mortgaged by any Act of Parliament, or in the Purchase or on Mortgage of Real Estate.

XII. That the Committee shall be empowered to call General Meetings of the Governors for Special Purposes (when and as often as they shall think necessary), and shall also be

required to do so at any time on the request, in writing, of any ten Governors, stating the specific purpose of the said proposed Meeting; and ten days' notice, at least, of such Special General Meeting; and of the special object intended, shall be given, by public advertisement, in one or more of the Birmingham newspapers.

XIII. That there shall be family worship, including the reading of some portion of Holy Scripture, morning and evening, daily, in the Institution, at which all the boarders shall be required to be present. The prayers and portions of Holy Scripture to be read shall be appointed by the Chaplain, to whom the general regulation of the religious instruction of the pupils shall be confided.

XIV. That on the Lord's Day the pupils shall attend Public Worship of the Church of England twice, under the care of the Superintendent; but if any are Dissenters, they may, on proper application to the Committee, be permitted to attend their respective places of worship, provided that they are under the charge of some person appointed by their parents or guardians, with the approbation of the Committee.

XV. That any sick inmate, being a Dissenter, may, at his or her request, be visited by a Minister of his or her own denomination.

XVI. That no alteration of these laws shall be made at any Annual or Special General Meeting without the approbation of a majority, consisting of at least two-thirds of the Governors then present; nor without notice of the intention to propose such alterations having been given to the Committee one month previously, and that it shall be announced by them in the advertisement calling such Annual or Special Meeting.

INFORMATION RESPECTING THE ADMISSION OF PUPILS INTO THE INSTITUTION.

COMPULSORY EDUCATION OF THE BLIND.

Since the passing of the Elementary Education (Blind and Deaf Children) Act, 1893, all blind children between the ages of five and sixteen must attend a certified School for the Blind.

APPLICATION FOR ADMISSION.

Persons desiring a "Form of Application" should write to the Secretary. (A fac-simile of the "Form" will be found on pages 39 to 43 of this Report.) When the "Form" is filled up it should be returned to the Secretary.

ELECTION OF PUPILS.

All Pupils are elected by the Committee.

QUALIFICATIONS.

Applicants are eligible for admission until twenty-one years of age, but preference is given to those under sixteen. They must either be totally blind, or not possessed of sufficient sight to be able to read the ordinary school books used by sighted children. They must also be free from bodily and mental defects which would prevent them receiving instruction, or from following some useful occupation.

PROFESSIONS AND TRADES.

Music (theoretical, instrumental, and vocal), Pianoforte Tuning, Shorthand and Typewriting, Basket Making, Brush Making, Mat Making, Chair Seating, Machine and Hand Knitting, Boot Mending.

HOLIDAYS.

There are holidays twice during the year; when all pupils are required to return to their homes. *viz.*—five weeks at Midsummer, and four weeks at Christmas.

The travelling expenses must in all cases be borne by those who are responsible for the payments.

By a concession of the Railway Companies, all blind pupils leaving Institutions for their Midsummer or Christmas holidays, and returning at the close of the vacations, are allowed to travel the double journey for single fare.

CHARGES.

A uniform charge of £6 11s. 3d. per quarter is made.

This payment *includes* board, lodging, education, and clothing, after the first outfit, but is exclusive of travelling expenses.

All payments must be made in advance.

In case the parents are too poor to make the necessary payments for their child's education, application should be made to the Clerk of the School Authority for the district in which the child resides. The School Authority is bound to take steps to educate the child by sending it to a Certified School until it reaches the age of sixteen. If the circumstances of the parents permit, the School Authority may demand from them a contribution towards the cost of their child's education. The Education Authorities have permissive powers to educate the Blind after the age of sixteen, under Part II. of the Education Act, 1902. The Guardians of the Poor have powers also to make the payments, *after* the age of sixteen.

N.B.—Although payments are made to the Institution towards the maintenance and education of the Blind, it must be clearly understood that *these are by no means sufficient for the purpose*, the remainder requiring to be supplied by the benefactions of the Charitable.

TO BE ANSWERED ON APPLICATION FOR ADMISSION.

- *These questions need not be answered if the applicant is under sixteen years of age.

N.B.—It is requested that special care should be taken in answering the foregoing questions, as (should the Candidate be elected) the replies to them will materially assist the Managers of the Institution in dealing with individual cases.

PREVENTION OF BLINDNESS.

ADVICE TO MOTHERS AND NURSES.

It cannot be too widely made known that many persons are blinded every year by diseases which are preventible and curable. The most destructive of these diseases is the *Ophthalmia of new-born infants*. Nearly one-third of the present Inmates of this Institution owe their blindness to this cause, and the same high proportion has been found in other schools for the Blind. It is not too much to say that in nearly all these cases the eyesight might have been saved by proper treatment at the commencement of the disease. The disaster usually arises through ignorance of the danger and consequent delay in obtaining medical treatment.

This form of Ophthalmia is due to the infection of the baby's eyes with irritating matter during or very soon after birth. About the third day after birth—sometimes earlier, sometimes a little later—the child's eyelids become red and swollen, and begin to discharge yellow matter. *This is the sign of danger.* Skilled medical advice should be obtained without a day's delay, and in the meantime the baby's eyes should be thoroughly and frequently cleansed in the following way:—

Place the baby on its back, with a cloth under the head: separate the eyelids gently with the thumb and finger, and with a bit of soft, clean rag drip warm water freely into the eyes, so as to wash away the matter as thoroughly as possible. Work the lids about gently over the eyes so as to bring the

matter out from underneath them, and do not be content till you have got it all away. Repeat this, in a bad case, at least every hour through the day, and every two hours through the night. In addition to this the drops or solution ordered by the medical man must be regularly and carefully used according to his directions. If this treatment be begun at once the eyes will probably be out of danger in a few days. If it be neglected they may be permanently blinded within a fortnight.

Caution.—The discharge is very catching. Be most careful that no particle of it finds its way to your own eyes. Burn every bit of rag after you have used it, and wash your hands thoroughly.

In Maternity Hospitals and similar Institutions for the help of women of the poorer classes, this disease was formerly very common. It has now been almost banished from such Institutions by the routine practice of dropping into the eyes of every infant, immediately after birth, one drop of a 2 per cent. solution of nitrate of silver. The non-infected infants are not injured in any way thereby, while the infected ones are saved from possible disaster. The general adoption of this practice, especially among the poorer classes, would undoubtedly diminish the number of persons blinded from birth to a very considerable extent.
